Introducing Zukii Patterns and Yarns at Stitches West 2005

Zukii Designs introduces a new line of high-fashion patterns and yarns sold exclusively through knitting stores and knitting suppliers. Our goal is to wow and delight your customers with knitting projects that bring them back to your store over and over again.

Zukii Designs is showing yarns and patterns to consumers at Stitches to tune our products to meet the tastes of the market. And most important of all, we are introducing Zukii to you, the retail knitting business owner.

Zukii Yarns and Patterns

Every Zukii garment is designed to marry an eye-catching design with the perfect yarn.

Our yarns come to you via our exclusive relationships with yarn mills and suppliers in Italy, France, and Japan. We travel overseas regularly to bring you the very latest and best yarns available.

The hallmark of Zukii patterns is their sophisticated style. We carefully design each pattern to harmonize with just the right yarn. The result is a product that your customers will love.
